REASON FOR ALLOWANCE

1. Claims 1-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

As for claim 1, none of the references disclose the combination of the limitations claimed including a second splitter to vary the respective levels of the first and second portions of the received light in response to an applied control signal or a controller adapted to receive the detection signal from the image sensor to determine an alignment state of the wafer, to control the stage so as to align and position the wafer.

As for claim 11, none of the references disclose the combination of the limitations claimed including varying a ratio of the first and second power levels in response to an applied control signal and producing an alignment detection signal from the first portion of the reflected light received by the image sensor.

As for claims 2-10 and 12-17, they directly or indirectly depend on claims 1 or 11; therefore, they also are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
